Louise émoi's opinion on Honey Cake cold soap

Our Honey Cake soap is suitable for all skin types. Indeed, it is recommended for dry skin because of its rehydrating and nourishing properties but it is equally effective on oily skin that is prone to pimples, since it acts as a cleanser. Whatever your skin type, you can benefit from the advantages of this cold soap. Those who have adopted our Honey Cake cold soap particularly appreciate the excellent hydration and its sweet fragrance.

A natural honey treatment

Did you know that honey is not only great for the palate, but also a precious treat for your body? Suitable for all ages and all skin types, honey is above all an incredibly hydrating treatment.
